Passionate and ambitious developer, dedicated to continuous learning and growth, eager to contribute to innovative projects. Known for strong problem-solving skills and a collaborative mindset, ready to embark on a career in full stack development.

SKILLS

- Java
- ExpressJS
- NodeJS
- MongoDB
- ReactJS
- REST
- SQL
- VCS (git)

PROJECTS

Movie Suggestion App

- The application allows users to search for movies, receive suggestions based on their preferences, and explore detailed information about each movie.
- Designed a well-structured schema in MongoDB to handle complex relationships and queries, optimizing data retrieval and storage.
- Developed an interactive Movie Suggestion Application using the MERN stack.

E-commerce Backend App

- The application allows the user to order products based on their requirements, and explore detailed information about each product.
- The application includes an admin panel, allowing the admin to perform the basic CRUD operations on news categories, sub categories, products, and so on.
- Developed an E-commerce Backend Application using the MERN stack

NOTABLE ACHIEVEMENTS

- Completed the Microsoft Azure AI Engineer Associate Program, gaining specialized skills in AI and machine learning using Microsoft Azure technologies.
- Participated in IBM's Datathon - 2023, in the topic of Predictive Agriculture gaining expertise in advanced analytics and machine learning to forecast crop yields, optimize resources, and reduce farming risks. Developed skills in analyzing agricultural data to provide actionable insights, aiding farmers and stakeholders in making informed decisions.

EDUCATION

Saveetha Engineering College
B.E. CSE., CGPA - 8.9

2021-2025

Masi Matriculation Higher Secondary School
HSC, Percentage - 91.33 %

2021
